for thirty five years and through thirteen editions jim henslin s down to earth sociology has opened new windows onto the social realities that shape our world now in its fourteenth edition the most popular anthology in sociology includes new articles on our changing world while also retaining its classic must read essays focusing on social interaction in everyday life the forty six selections bring students face to face with the twin projects of contemporary sociology understanding the individual s experience of society and analyzing social structure the fourteenth edition s exceptional new readings include selections on the role of sympathy in everyday life mistaken perceptions of the american family the effects of a criminal record on getting a job and the major social trends affecting our future together with these essential new articles the selections by peter berger herbert gans erving goffman donna eder zella luria c wright mills deborah tannen barrie thorne sidney katz philip zimbardo and many others provide firsthand reporting that gives students a sense of being there henslin also explains basic methods of social research providing insight into how sociologists explore the social world the selections in down to earth sociology highlight the most significant themes of contemporary sociology ranging from the sociology of gender power politics and religion to the contemporary crises of racial tension crime rape poverty and homelessness

this textbook provides a survey of sociology as the scientific study of society sociology is a social science which uses various methods of empirical investigation and critical analysis to develop a body of knowledge about human social activity it focuses on the influence of our relationships around us and how they affect our behaviors and attitudes the author approaches this subject with

a desire to help students find and use sociology in everyday life

seeing sociology in your everyday life sociology empowers students to understand the world around them through a sociological lens so they can better understand sociology and their own lives sociology 14th edition is written to help students find and use sociology in everyday life with a complete theoretical framework and a global perspective sociology offers students an accessible and relevant introduction to sociology the new edition continues to grow to meet readers changing needs with a newly integrated pedagogical framework readers are guided through both the text and optional new mysoclab to build their critical thinking skills while learning the fundamentals of sociology

this book develops a contemporary theory of nationalism that addresses 21st century political challenges exploring theoretical and empirical understandings of the concepts of the nation and nationalism and the failure of various theoretical accounts to decipher the diverse manner by which nationalism comes to be embedded in our social and political world accounting for the dynamism and intertextuality of nationalism nationalism and hegemony shows how the nation and nationalism come to be consolidated as conceptual and experiential power structures and how the interests of political groups are advanced through diverse nationalist modalities which can at any time be activated for political purposes a critique of the various and diverse manifestations of nationalism this contribution to both theory and political practice will appeal to scholars working in the fields of sociology and social and political theory

sociological theories of health and illness reviews the evolution of theory in medical sociology beginning with the field's origins in medicine and extending to its present day standing as a major sociological subdiscipline sociological theory has an especially important role in the practice of medical sociology because its theories distinguish the subdiscipline from virtually all other scientific fields engaged in the study of health and illness the focus is on contemporary theory because it applies to contemporary conditions however since theory in sociology is often grounded in historical precedents and classical foundations this material is likewise included as it relates to medical sociology today this book focuses on the most commonly used sociological theories in the study of health and illness illustrating their utility in current examples of empirical research on a wide range of topics the qualitative or quantitative research methods applicable to specific theories are also covered distinctions between macro and micro level levels of analysis and the relevance of the agency structure dichotomy inherent in all theories in sociology are discussed beginning with classical theory durkheim weber and marx and the neglected founders gilman martineau and dubois along with symbolic interaction mead strauss and labeling theory becker and poststructuralism and postmodernism foucault coverage is extended to contemporary medical sociology discussion of the stress process model pearlman is followed by the social construction of gender and race and intersectionality theory collins health lifestyle theory cockerham life course theory elder fundamental cause theory link and phelan and theories of the medical profession freidson medicalization and biomedicalization conrad clarke and social capital bourdieu putnam and lin

this volume covers macro and micro level issues involving health and health care concerns for women and racial and ethnic minorities the book includes an examination of health and health care issues of patients providers of care especially those related to concerns for women and for racial and ethnic minorities in different countries

invaluable for all practitioners trainees and students of public health and epidemiology the oxford textbook of global public health covers the scope methods and practice of public health and has been comprehensively updated for its seventh edition

in the fourteenth edition of sociology exploring the architecture of everyday life david newman shows students how to see the unfamiliar in the familiar to step back and see organization and

predictability in their take for granted personal experiences with his approachable writing style and lively anecdotes the author's goal from the first edition has been the same to write a textbook that reads like a real book many adopters of this book are fans of Peter Berger's classic works which helped introduce the idea of social constructionism to sociology Newman uses the metaphors of architecture and construction to help students understand that society is not something that exists out there independently of themselves it is a human creation that is planned maintained or altered by individuals using vivid prose current examples and fresh data this text presents a unique and thought provoking overview of how society is constructed and experienced instead of surveying every subfield in sociology the more streamlined coverage 14 chapters focuses on the individual and society the construction of self and society and social inequality in the context of social structures this title is accompanied by a complete teaching and learning package in Sage Vantage an intuitive learning platform that integrates quality Sage textbook content with assignable multimedia activities and auto graded assessments to drive student engagement and ensure accountability unparalleled in its ease of use and built for dynamic teaching and learning Vantage offers customizable LMS integration and best in class support
